RH PETROGAS COMPLETES 2D SEISMIC ACQUISITION IN BLOCK SK331 ONSHORE SARAWAK, MALAYSIA

RH Petrogas Limited (the "**Company**") refers to its announcement (SGXNet SG140630OTHRGJY6) issued on 30 June 2014 and is pleased to update that its subsidiary RHP (Mukah) Pte. Ltd. ("**RHP (Mukah)**"), has on 4 November 2014 successfully completed the 2D seismic acquisition program in Block SK331 located onshore Sarawak.

A total of 508 kilometres of seismic lines have been acquired under the program, which was completed on schedule. The seismic data is currently being processed and this will be followed by data interpretation and analysis. The interpreted results will provide valuable inputs as the Company continues to evaluate several identified leads for potential upgrade into prospective candidates for exploration drilling.

RHP (Mukah) is the operator of Block SK331 and holds an 80% working interest in the block. The Company holds a 51% equity interest in RHP (Mukah) through its wholly owned subsidiary RH Petrogas Investments Pte Ltd with the remaining 49% equity interest held by Tumbuh Tiasa Enterprises Sdn.Bhd.. RHP (Mukah)'s partner in the block is Petronas Carigali Sdn Bhd, which has a 20% working interest in the block and is owned by Petroliam Nasional Berhad, the national oil company of Malaysia which is vested with the entire ownership and control of the petroleum resources in the country.

BACKGROUND

RH Petrogas Limited ("**RHP**") is an independent upstream oil and gas company headquartered in Singapore. RHP is listed on the mainboard of the Singapore Stock Exchange and is focused on exploration, development and production of oil and gas deposits. RHP has producing, development and exploration blocks in Indonesia, China and Malaysia.

RHP aspires to be a leading independent oil and gas company in the region and is actively looking for further growth opportunities in the sector.
