RH PETROGAS ENGAGES AI FIRM TO ENHANCE PROCUREMENT GOVERNANCE OVERSIGHT

The Board of Directors of RH Petrogas Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) wishes to announce that it has engaged AiRTS Pte. Ltd. (“**AiRTS**”) to design and build a system to enable a comprehensive governance oversight of the Group’s procurement operations by using artificial intelligence (“**AI**”), Generative AI (“**GenAI**”) and machine learning (“**ML**”). AiRTS has previously completed the assessment of the feasibility of GenAI Twin®, together with the GenAI and ML technologies with the objective of improving the efficiency and effectiveness of monitoring the Group’s procurement activities in a continuous and prompt manner.

AiRTS is the creator of GenAI Twin®, a patented enterprise AI technology purpose-built for strategic enterprise applications. It is engineered for deep organizational deployment, with entity-specific intelligence tailored to each enterprise’s systems, policies, governance frameworks, and operating environment.

This engagement forms part of the Group’s measures to strengthen governance and oversight following the findings and recommendations arising from the independent review conducted in relation to the whistleblowing allegations. For more information, please refer to the Company’s announcements dated 27 January 2026 (SGXNet Announcement No. SG260127OTHRNEV8) and 26 February 2026 (SGXNet Announcement No. SG260226OTHRWOGF).

The Company will make further announcements as and when there are material developments.

BY ORDER OF THE BOARD

Chang Cheng-Hsing Francis
Group CEO & Executive Director
